3 Keys to Campus Integration

Being a student is difficult, especially when not connected with the campus community. Too many students become frustrated and often quit because they don't feel connected to their campus.

The goal of this workshop is to teach practical skills that will directly apply to students' college experience. In this thought-provoking, engaging and action-oriented presentation, students will discover how to increase their social capital by learning the 3 keys for successful campus integration.

Secrets to Becoming a Great Student-Leader

If you ask a room full of people, who wants to be great? almost all the hands in the room will go up, however, many people do not have a plan for becoming their best self.

This presentation shows students how to tap into their own greatness and then inspire others to become great as well. Students will learn the "5 Levels of Greatness" process to increasing their skills and ultimately, production. They will walk away discovering:

- How do identify and grow their skillset
- How to accurately measure the growth of their skills
- How do translate their skills into becoming a successful leader

This is a humorous, inspiring and practical presentation that is guaranteed to engage students. and will take their leadership to the next level.

Demystifying College for Guaranteed Success

College is a mystery to most students. They don't understand why they have to take so many courses, what the real purpose of a college education is, or why they should try to get involve to maximize their college experience. When students don't understand the process, they become frustrated. Frustrated college students quit.

This engaging workshop will help students create better college connections by revealing the purpose of college, how they can make the most of their experience, challenge students and help them discover their purpose in college.

Keynote and Workshop Topics

4 Steps to Leveling Up Your Public Speaking

Speaking in public is the number one fear for people. Studies show 25.3 % of adults say they fear speaking in front of a crowd. Can you imagine how high school and college students feel? They are terrified, but we know the importance of conquering that fear as early as possible.

This workshop provides 4 proven steps to create killer presentations every time. This is an action oriented, interactive experience that is designed to equip students with practical skills that can be used for years to come. Once completed, students will be prepared with real-life skills guaranteed to work.

Secrets to Exceptional Student-Leaders

Taking on the responsibility of being a student leader is challenging but it doesn't have to be. Too many students become overwhelmed and quit because they don't know how to become great leaders.

This student development workshop will teach practical skills that are applicable in college and the real world. This is an engaging and inspiring presentation where student-leaders will discover how to engage members, find unique leadership styles, and run their student group like a mogul.
